Duo Duet Registration Instructions

In order to make it easier for team directors to register and collect monies for team, solo and duo/duet events this new registration form has EACH DANCER listed in the form above mark payment for their part of their duo/duet entries. This will give a total that each individual will pay their director for their team, solo and duo/duet entries. When filling in the info for each dancer above, fill in their name, sex and age and then type the age in each category box that that person is dancing, including solos and their half of any duos or duets. If you are entering duos, THEN be sure to fill in the grid to the right to show who your partner is and which duo / duet categories you are entering. If a team has more than 7 duos or duets, fill out the grid above to determine entry fees and attach a separate form listing all duos and duets, categories and ages.
